ATM flips over on to me

i am going to extract money
in its physical form
for some reason
money
a thing we all love very much
which before it was what it is now
was rock or dust or dung or wood
but now
it is in it's current form
and i am going to get it
to buy something for myself
i put my little card into the machine
and put in the secret number
just for me
2 0 0 1
machine is so warm
keeping the money so warm
the ATM machine flips over on to me
i am killed instantly
it smushes me completely
and fully
my goo and mush is part of
the ground
and the machine
and the time and space and moment

no one saw my death
so i do not feel embarrassed
i do no need this money now
it can go
and rejoin the continuum
of energy
in the universe
a 3rd party object installation company
was responsible
with securely installing the ATM machine
that fell down on me
the company goes on
but one day
it will fall too
absorbed into another,
stronger company
a more integrated logistics facilitator
but in time
this company shall also fall

what if head was rock

d o nk

imagine if phone was rock
donking myself on head
many times per day with phone / rock
a new life
a new life could be possible
a new life is always possible
power is always localised
to the current moment
my head is now a rock
a beautiful smooth rock
with vestigial elements
of my original face and head
but, much more rock
thousands of times heavier
than before
my whole body can also become rock
now
i am so big
i am so still
watching the highway
that I am placed near
i erode

i wet

but there is still dignity
the cars I still watch
were also one rock
i hope they will return
all could be rock
with a bit a water running in between
and we can be still
for one moment
finally
for 1 - 5000 years
reset everything

free unlimited power

i have not had a new thought
in some time
many of the thoughts
that do occur
have been very boring
or in some way
unpleasant
usually a list of things to buy
or do or complete
until i can rest again
while also
i take an internal mental micro rest
within my own mind
between each thought
trying to focus very hard
on one specific molecule
within my brain
a different molecule each time
and trying to expand it
exponentially
in between each
little thinkie
expand
this micro molecule
out into the size
of our entire local universe

it is difficult
hard not to think about something
upsetting
or a TV show
or something that I thought
should or could have been a tv show
or memory
of another thing
recently shown to me by phone
or think about
the movement
or loss or gain on money
in and out of my possession
like wind through a hole
where does it all go
the whisper of thought
the blow of wind
just passing through my own local
consciousness

dining facility

i am trying out a new dining facility
in the downtown area
it has clearly been designed
primarily
by artificial intelligence
all names of food on menu
are almost sexual
but also like a computer made them
without a full understanding
of human sexuality
many images made by computer
fill the walls
they are of anthropomorphic animals
also eating
but in a different
similar
parallel
restaurant
all the animals bodies
also seems sexual
but look like the animals have been
given endless supplements
to expand their musculature
the food comes out
a small soft cube

which tastes a bit like
salt and protein
i remove myself
to enter the toilet
where the lighting in each stall
has been designed
to illuminate the human genital
in a specific
and confrontational way
the toilet paper
as i wipe myself
is too thick
too textured
too difficult

this year of life

will it finally be the year
i go viral
for doing something
truly pure and beautiful
when i can finally
create infinitely looping
5 second informative video
which is universally liked by all
remembered forever
even
as the march of time and image
goes on
with no end
no horizon to guide the viewer
only a flat looping loop
what will i do in this video
the vision i have from the universe
is that i am conducting
street interviews
with a succession
of extremely beautiful people
they are strangers to me
they are ageless
and raceless
without any discernible gender
their beauty has been thus far

unknown
to any image sharing platform
i ask each person
about the amount of times
they have had sex
they answer earnestly
but using an numeric measurement system
i am not familiar with
my mouth and clothes
are caked with shit
i am covered in old food
overwhelmed with brown stains
this is from a previous prank
I have abandoned
before truth found me

animals have infested my home
a home which was also
supposed to be an investment
they are in my many sacks of grain
my food for later
changing settings
on my many electronics devices
which also have corresponding apps
on my phone
my phone
which now
i must pause to look at
to feel a micro moment
of pure light misery
to see what the hell is going on
food is shaped like brick
head is shaped like ball
new office tower is being built
they are building it out of old food
i hope i can work in there
please
i hope
they will let me work in there
I have emailed
the top 1000 companies on earth
to ask them if they need me

i continue to do this each day
as part of my morning routine
email so far never comes
even as the once new buildings
wither and fall
then crumble into the ground

teddy bear

every teddy bear i see
which has been many
throughout my life
i always think
wow
i wish that was me
but also i thank them
quietly,
and privately
to me they are more brave
than any soldier
i am a power user
on teddybear.com
sitting at my workstation
filling my desktop computer
with worms and dirt
in the centre of my computer chair
my gaming stool
there is a small depression
creating a safe compartment
where i can create a nest
i can have my eggs in there
and keep the nice and warm
with with my lower half
until they hatch
into beautiful birds

beautiful song

imagine a song is playing
it is of a new style
no one has ever heard before
no
do not imagine how it sounds
it is a new sounds
that has never existed until now
also nothing
that similar has ever existed
so it is without cultural reference
it is futile for you to imagine
what is happening
but the song is good
the song is beautiful
here are the Lyrics
Boo boo bah bee

dee dah boo deh deh doo
bahh dooo daee dee doo dah

sunbeam

world's longest sunbeam
touches me
i am nude
eating from a long
and wonderful tube
seeing my favourites shows
looping chronologically
with small variations
to retain novelty
i am paddling my small boat
purchased from a stranger
paddling through
the long thin
waterway
that winds through
the unremarkable city we all live in
my journey is pleasurable
but the water is maybe
80% garbage and waste
almost all local garbage ends here
for me to paddle
but I am trying to enjoy
looking at all the wrappers
and vessels that contained drink
the colours and textures
all have some beauty

they were first designed
within the human mind
like almost everything
all things
and objects
they just started as an idea
which is actually
so crazy
all joyous moments
must produce some waste

millionaire

hello
i have 100 000 000 dollars
you should also have this
it would make me happy
almost as happy
as looking at the money
the big money i have
which i store in a damp cool room
with no lights and electricity
i would recommend this
to all fellow millionaires
and lovers or frequent users of money
no one has told me this
but i feel the money
will last longer
if it is a bit wet
i wonder what to buy
it is very hard to decide
since i have not that much desire
for any one specific thing
but realistically
i will probably spend very little
since i don't want
to have much less money
then the amount i currently have
right now

i am the CEO of
buffoon.com
i paid 12 million dollars
to buy this domain name
we spend 8000 dollars per month
on toilet paper
and misc office supplies
my beautiful company
only loses money
but this is also good
this is part of the continuum
of universal energy
my address is
top floor
penthouse
1 poo tower
it is the first
ironically named luxury residence
for upward mobile morons
just like me

beautiful surgery

no one will tell you this
and this
will piss a lot of people off
but i will say it
celebrities and known people
are getting elective surgery
to look like long worm
the celebrity's arms and legs
are removed
and their thorax is elongated
and eyes put on top of head
they are also getting a cloaca
within their lower area
no one will admit
they have had this done
but they have had this done
people of wealth are also
combining their refined
genetic material
so that it can be put
into a small creature
who is not really a human
but more like
a hatchling or chimera
which can have up to
5 celebrity parents

who parent this creature
through a complex and robust
legal framework
this became common about 5 years ago
so soon the entire
livestream and
media influencer market
will be overtaken by these creatures
then cannot grow tall
but they can be wise
and also
unbelievably beautiful

•microstore

hello store
welcome to my store
it is a new type
of store
much smaller
than the ones before
it is a lot to get used to
as a customer
but i hope
you will learn to like it
the store engages in
mircocapitalism
which is a new
and not well defined idea
our main products are
caricatures
and also small rocks and sticks
brought inside
from outside
they are given some form
of vague esoteric explanation
the central feature of my store
is a dung heap
in the middle
taking up most of the store
i stand on top of my dung heap

tall and wide
i can see a lot from up here
as the sun sets
the stores
i can see
are all closing
maybe
for the final time
they bury their money
in the ground
animals begin
to reclaim infrastructure

hamster cleaner

(yawn)

i awaken in the morning
open my beautiful little eyes
a new day to work and live
and be
i look upon myself
i am the perfect shape
a beautiful sphere
130 centimetres tall
my eyes
mouth
legs and arms
are beautifully embedded
into my beautiful spherical body
i make several micro transactions
as I wake up
exchanging different types
of speculative digital assets
i am at once filled
with both hope
and dread for the future
dreaming
of both an ongoing apocalypse
of infinite pain
and also of an app
i just invented

called Hamster Cleaner
it gamifies the act
of daily hamster cleaning
but also
has a social aspect
to help you connect
with people
in a community
there is no ads
no user data is taken
and no reliance
on creating a dopamine loop
within the human brain
you only use the app
when you truly desire
to experience the joy
of simple hamster
making it clean
and happy

about home construction
and renovation
making homes new again
re-working the sand and board
of their original construction
into something new
and valuable
i am working together
with a demon from hell
and we are building a new house
out of dirt and nest
the demon i work with
is not tall or strong
but he has the power
of deception and illusion
we work each day
together and apart
i am about the size of a small car
but i look very different
and i behave very different
i see the world in a unique way
my name is Jason
i did not choose this name

but it is something i live with each day
i have not had many jobs
but i do not let that stop me
if there ever is a day of sunshine
and i do not open my window
has it been a day wasted
i do not know
before the world was anything
it was wet
and dark
and without product
and it has been long
since then and now
and for as long as i can remember
i have always wanted to start a company
to occupy professional space
i imagine the first animal
to emerge from the wet
how did it think
it crawled and goo'd
and became me
and this is what I am doing now

beautiful dancer

i am a dancer
at the Olympics
a timeless and evil ceremony
the world watches my body
i am dancing for the first time
i am not yet good
but everyone can enjoy
what i am doing
and see a part of themselves
in my movements
i am nude
without cloth
but i am covered
in dirt and moss
the dance is long
as the world discovers me
something begins
starting to grow
a little thing
it grows inside my tummy
making me so big
it comes out my lower half
looking new
and beautiful
looking like a puffy worm

an innocent sentience
with beautiful face
everyone at the olympics
all people
at the auditorium
the Micheal Jackson memorial auditorium
love my new little creature
everyone
receives one kiss
all is forgiven

10 hour clown frequency meditation

chanting eternal clown frequency
10 hour long YouTube video
only softly interrupted
by respectful ads
for truly useful and ethical products
i fear our world
has become ridiculous
but the self
must remain
boiled down into
small cube or orb
of pure and true humanity
which i choose to believe
has the possibility
to exist inside
within each person
even if they really seem
like absolute piece of shit or bastard
what does everyone
think they are trying to do here
we hope for health
and longevity
and hope for help
to see the world
as we did before

not with disgust
but with novelty
they should have a clown for president
clown also running central bank
but they will not
they are cowards

the simpsons

imagine seeing the faces
of all the Simpsons
ragged and craggy
made old and filthy by time
looking ancient
a millenia has passed upon them
deep within the shadow
of the reaper's scythe
Homer
Marge
Lisa
Bart
Wiggum
Mr Burns
they are all over 1000 years now
they breathe through mouth
as I often do
they live in between
the multiple realities
they coverage in the spaces
where the veil
between the worlds
is the most thin
the airport
the self checkout area
of grocery store

within the interior spaces
of 24 hour businesses
of the gas station
the gas stations
which are actually
all connected together
through one vast
and infinitely complex network of tubes
and stoarge bladders
made before our time
before the world was as it is

happiness gun

they need to make
a new kind of gun
that helps people
it is a happiness gun
i shoot you in head
you become more happy
more alive then before
you also shoot me in the head
with the gun
we have to help each other

smile across the world

i love to laugh
and i love to joke
but some moments
the laughter never comes
the smile has lost its way
and i wonder
if there is any image
or piece of information
that can be universally funny
to all humans
across time and culture
could all laugh together
at once
in sync
gently moving
the vegetation
and weaker buildings
and products
of our world
so gently
until the joke completes
i can tell and sing this joke
for all
each day

along my walks
i am followed
by demilitarized mini drone
for help
and mental health awareness
beeping constantly
and joyously
reminding me
to be present in the moment
